The Mitten Tree by Candace Christiansen is about an old lady named Sarah. On her daily walk, she sees some children who wait for the school bus near a big evergreen tree. Sarah notices a little boy who can't play in the snow because he has no mittens. She decides to knit a pair of mittens, which she hangs on the tree at the bus stop. Nobody sees her do it but when the boy arrives at the bus stop the next day he knows the mittens are for him…

You can help decorate our very own Mitten Tree! Throughout December, you can contribute mittens, hats, socks, and scarves to help decorate our tree. Items should be new or handmade. All sizes, colors, and styles are welcome. In January, we will donate the mittens and other warm accessories to our school families and community neighbors in need. Items will be hung on the tree located in the front lobby of the M.E.D.

Thanks for your donations,

The Sunshine Committee
